I have been relocated today and was ~~not able~~ to turn in indigent slip in the building I ~~was~~ scanned left — nor this building, because the time factor involved in my moving (now being a day late.)

This means by present policy (which does not take into account these type of realities — being Relocated and such) that, because I am indigent, I will not be able to receive writing materials, paper, envelopes stamps etc for another month.

I have an active case in De District Court. I need to communicate with the Court. Also, I have personal communications to attend to.

Would you please put me on the list to receive this months indigent supplies list so I can maintain personal and legal communications
